

Standout IoT Innovators and Applications Receive Awards at Digi International Global IoT Conference

06/05/18

Event Highlighted by Successful Customer IoT Solution Demonstrations; Digi Channel Sales Leaders also Recognized

MINNETONKA, Minn., June 5, 2018 /PRNewswire/ -- Digi International®, (NASDAQ: DGII), (www.digi.com), a leading global provider of Internet of Things (IoT) connectivity products and services, hosted its Global IoT Conference on May 22, 2018 in Minneapolis, Minnesota.

The conference, attended by more than 300 business executives, engineering leaders, IoT practitioners, and solution developers, covered a wide range of topics including requirements for successful IoT solutions and what's next for IoT technology, applications, security, and services.

Digi held two award ceremonies. The first awards were presented to Digi customers, and the second to Digi channel leaders. The following are customer award winners:

The Digi IoT Leadership Award – Conveyed on leaders who incorporate IoT solutions into their business operations. It recognizes the long-term IoT investments that support a portfolio of initiatives as well as the cultural commitment to leverage the IoT to benefit customers. The 2018 Digi IoT Leadership Award winner is:

- [Raven Industries](#) – engineering, manufacturing, and technological innovation for precision agriculture, high performance specialty films and situational awareness markets

The Digi Innovative Application Award – Recognizes companies or individuals that are out in front by exploring, inventing, and taking risks to make the IoT a game-changer. Digi Innovative Application awards recognize the entrepreneurial spirit, technology insight, and market savvy that translate into great IoT solutions. 2018 Digi Innovative Application Award winners are:

- [Kimberly-Clark Professional](#) – IoT solution revolutionizes the way commercial washrooms are operated and serviced
- [Kinetic](#) – workplace safety device uses sensors and biomechanical analysis to determine worker posture
- [Summit Envirosolutions](#) – water resource management through groundwater visualization tools

Best IoT Application Award –

Supply Chain

- [Core-Mark](#) – fleet management including remote monitoring of trailer cooler and freezer temperature, management of asset utilization via GPS and monitoring of driver behavior affiliated with handling and duration at deliveries

The following are 2018 channel award winners:

Global Distributor of the Year – [Digi-Key](#)
IoT Partner of the Year – [Arrow](#)
Innovative Integrator - [Clever Devices](#)
Certified Value Added Reseller of the Year – Griffith Power Systems
Accelerated Value Added Reseller of the Year - [SageNet](#)
APAC Distributor of the Year – [Tessol Co. Ltd.](#)
LATAM Distributor of the Year – [Extreme Technologies](#)
EMEA Distributor of the Year – [Venco Electronics](#)
North America Distributor of the Year – [Symmetry Electronics](#)
