

Digi International Recognizes Green Tech Customer Innovation Award Winners

April 20, 2021

HOPKINS, Minn.--(BUSINESS WIRE)--Apr. 20, 2021-- Digi International (NASDAQ: DGII, www.digi.com), a leading global provider of Internet of Things (IoT) connectivity products and services, today announced the winners of its Green Tech Customer Innovation Awards. Digi International has created this award to acknowledge and highlight customers that have excelled in the green technology field while offering advanced solutions for environmental issues. Each award winner has utilized Digi solutions to build or deploy technologies supporting a greener world and excelled in environmental stewardship. These companies have shown forward-thinking leadership and innovation in eco-friendly and environmentally safe applications.

Digi has selected the following customers as recipients for the 2021 Green Tech Customer Innovation Awards, in six categories:

- [Reborn Electric](#): **Green Vehicle Technology**
- [Schröder](#): **Smart City Lighting**
- [New Sun Road](#): **Renewable Energy/Smart Grid**
- [Nobel Water Systems](#): **Environmental Monitoring & Management**
- [Infinitum Electric](#): **Smart Home/Smart Building**
- [WiseConn](#): **Smart Agriculture Award**

"Digi International is proud to recognize these customers as valued partners and congratulates them on their contributions to environmental stewardship and sustainability by utilizing and employing Digi technology," said Ron Konezny, President and CEO, Digi International. "Our honorees play a pivotal role in supporting the reduction of greenhouse emissions and helping smart cities, communities, and industries to reduce their carbon footprint. Digi International is dedicated to environmental improvements that foster a sustainable future and lead to social and economic improvements in our communities. We applaud these teams for their initiative and drive in supporting a greener world."
