

Digi International Announces 2023 Green Tech Customer Innovation Award Winners

April 20, 2023

Awards highlight customer initiatives and products that promote sustainability, environmental best practices, and carbon reduction through the use of innovative green technology

HOPKINS, Minn.--(BUSINESS WIRE)--Apr. 20, 2023-- Digi International, (NASDAQ: DGII, www.digi.com), a leading global provider of Internet of Things (IoT) connectivity products and services, is delighted to announce the winners of its 2023 Green Tech Customer Innovation Awards. Now in its third year, the awards recognize and celebrate customer products and initiatives that design or deploy green technology innovations to promote sustainability, carbon reduction, and environmental best practices.

Digi solutions have been instrumental in enabling each award winner to create and implement technologies that promote environmental stewardship. These technologies include advanced advancements for smarter cities, enhanced water management, and the development of greener vehicle technologies. Each of the award-winning companies has exhibited exceptional leadership and innovation in the creation of eco-friendly and environmentally safe applications.

For the 2023 Green Tech Customer Innovation Awards, Digi has selected the following customers as recipients, spanning six categories:

- [Taiga Motors](#): Green Vehicle Technology
- [Metro Compactor](#): Smart City Technology
- [Flo](#): Smart City Infrastructure
- [Summit Envirosolutions](#): Smart

- [Dynamax](#): Smart Agriculture

"We extend our warmest congratulations to the exceptional winners of our 2023 Green Tech Awards," said Digi International President and CEO Ron Konezny. "Through their dedication to sustainability and environmental stewardship, these innovators are making a difference. Their commitment to reducing our environmental impact through the use of green technology is truly remarkable, and we are proud to honor and celebrate their achievements. We look forward to continuing to work with them and others to further promote eco-friendly and environmentally safe solutions that support a healthy planet."
