• Adj. EPS +16% YoY to $0.52

FY23 Results

• Revenue +15% YoY to $445 million
• Gross margin +100 bps YoY to 56.7%
• Adj. EBITDA +22% YoY to $97 million
• Adj. EPS +20% YoY to $1.99

A reconciliation of the non-GAAP financial information to the most directly comparable GAAP measure is available in our most recent 8-K.

ARR is the measurement of subscription-based revenue recognized as of 9/30/2023 multiplied by 12.
Digi’s Business Segments

Products & Services

Solutions
Investing in software, service and subscription offerings that provide more valuable solutions and cultivate Annualized Recurring Revenues (ARR)

A significant portion of segment sales run through a global network of distributors, systems integrators and value-added resellers, in addition to our direct sales team.

**Build**
- Embedded solutions to help build a custom IoT solution
- Reduces time to market
- Lowers costs and risks

**Deploy**
- Largely, cellular driven
- Quick deployment and configuration
- Extremely secure
- Data center and edge capabilities

**Manage**
- Cloud, private cloud and on-premise software
- Configuration management
- Software updated remotely
- Bandwidth utilization

Solutions: Ventus and SmartSense

• SmartSense provides perishable goods condition monitoring services as well as automated employee workflows in the Health Care, Food Service and Logistics verticals.

• Ventus provides Managed Network as a Service to unmanned kiosks in the Financial Services, Lottery/Gaming, Retail and IIoT verticals.

Monitor
• Automatically records critical conditions (temp, humidity, air pressure, etc.) where perishable goods are stored.
• Leads field workers to record completion of high priority tasks.

Communicate
• Bluetooth and Zigbee gateways.
• GPS Capable.
• High security defense.

Manage
• Guides workflow/monitors condition through digital management.
• Alerts when out of compliance.
• Leverages analytics to drive unique insights.

Improving Quality of Revenue Increases Visibility

**Revenue Categories:**
- **Recurring:** subscriptions with extended visibility
- **Reoccurring:** design wins that produce repeated product shipments with ever increasing visibility
- **Non-Reoccurring:** one time product shipments

**Revenue Growth and Drivers:**
- Recurring revenue has grown from 4% to 24% of total revenues in six years
- Total revenue growth five-year CAGR of +14%: disciplined acquisitions and a shift to subscription revenue initiatives.
- Recurring revenue growth five-year CAGR of 52%
Increased Gross Profits Flowing to Improved Profit Margins

Gross Margin Dynamics:
- Differentiated offerings with higher margin profiles
- Increase in high margin subscription ARR
- +850 basis point improvement since 2018, approaching 60%

A-EBITDA Margin Dynamics:
- Improvement of ~1,200 basis points since 2018
- Thoughtful management of operating expenses
- Targeting +22% in FY2024
